

The Place presents

the album

By SAY

Dancers **Sarah Golding** (STOMP, Ballet Boyz) and **Yukiko Masui** (*So You Think You Can Dance*) celebrate the joy and innocence of making up dances to popular music. Working with music artists, they have combined dynamic contemporary styles to create a slick and playful performance. **the album** will excite and inspire audiences to get creative with movement themselves!

SAY was born from **Sarah Golding** and **Yukiko Masui's** ambition to challenge the classicist norm that often lies in the contemporary dance sector and to find again the innocence in creativity that can sometimes get lost through formal training. Creating fast-paced and slick contemporary dance routine on underground music, **Sarah** and **Yuki's** energy is infectious!
